You can mail us a CD or DVD with your video file along with this application, or email us if you are unable to do that, and we'll figure out a way to get your video. Videos should be submitted before May 1, 2016 so that we will have time to make arrangements for the DJ party (but the deadline is flexible so don't panic if you're a couple of days late). Please be sure all students in the video have parental permission to be published on the Internet. The winning class will get the DJ party on a date worked out by the school administration and the Trekkers. David is a licensed and insured DJ. You can check out his website at <http://djdaverave.com> Thanks!
